

Introducing **PARANOIA: The Conspiracy Reader Book!**

Dear Paranoia Subscribers and Readers:

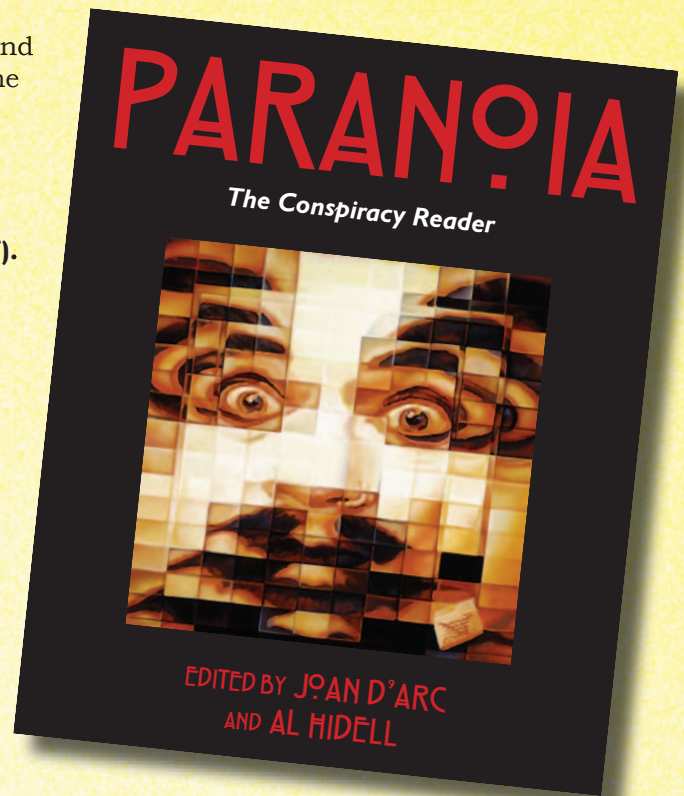

In 2008, 525 magazines ceased publication; in 2007, about 590. In addition, the largest magazine distributor in the U.S. filed Chapter 11 bankruptcy on April 27, 2009. In truth, the magazine is not a viable format in a shrinking economy, since the unsold copies are destroyed by the retailers and never returned to the publisher. Although we pay to print all of them, in this economy more than half are destroyed. It's paper waste on a grand scale. As a result of this downward trend, **this is the last issue we will publish in the magazine format.**

In response to the shifting horizon, Paranoia is changing to a more sustainable book format. It will be just as easy, if not easier, to obtain **PARANOIA: The Conspiracy Reader**, the book. It will be available from **paranoiamagazine.com**, or by mail at P.O. Box 1041, Providence, RI 02901. It will also be available from **amazon.com**, **barnesandnoble.com** and any bookstore. In addition, book stores, book catalogs or web catalogs will be able to purchase the book from **Ingram** or **Baker & Taylor**.

- **PARANOIA: The Conspiracy Reader (Volume 1)** will contain the same cutting edge political commentary, interviews, paranormal and UFO articles, fringe ideas and Paranotes. Each volume will be like a double issue of the magazine.
- **Planned publication date: May 2010.** Size: 7.5 X 9.25, approx. 140 pages, frequency 1X per year. No subscriptions available. ISBN 978-0-615-29995-2.
- **Book price for U.S. residents: \$14, plus \$3 s&h (\$17).**
